

DDS Contracted Adult Autism Support Center

Serving the DDS Metro Region Area Offices

-Greater Boston -Charles River West -Middlesex West -Newton/South Norfolk

Our Services for Adults with ASD (no-ID)

- **Information & Referral:** We help individuals & families navigate services that may be available to them (ex. DDS, Soc Sec, MassHealth, DMH, etc). We offer assistance filling out applications, as well as, printing, copying and mailing documents.
- **Workshops & Trainings:** Workshops and trainings are offered for individuals and caregivers at various times throughout the year. We strive to partner with experts in a variety of fields to present topics, such as Financial Literacy & Planning, Housing, Relationships & Sexuality, Social Media, Guardianship, etc.
- **Social & Recreation Opportunities:** We offer a variety of recreation and social programs throughout the year, both in-person and online. We strive to offer as many community-based programs as possible, including sports, outdoor & nature-based activities, arts and social skills. Most of our activities come directly from ideas presented by the individuals we serve.
- **Community Connections and Partnerships:** Our agency has many community partners, including local Police Departments (through our ALEC law enforcement training program), businesses, employers, mental health providers and advocacy organizations. These partners are invaluable to our mission.
- **Networking, Support and Mentor Opportunities:** Our agency offers a variety of support groups or partners with other agencies to do so. Mentor or volunteer opportunities are available at various times, as well. We have staff who are PEERS Certified in Social Skills Training.
- **Flexible Funding Administration:** For those individuals who are eligible to receive Flexible Funding from DDS, we help manage and process necessary paperwork & payments.
